Create a little Magic in your kitchen!

WIN
WITH
mono

1 OF 5 Milly's
KITCHEN VOUCHERS
worth \$1000 each

Simply complete your details below, enter the barcode from any Mono® product and you're in the draw to win 1 of 5 \$1,000 vouchers to spend at Milly's – either online or in store – to add a little magic to your kitchen.

Every Mono® Magic® Non-Stick Foil product gives you a bonus entry automatically (no need to enter twice). Limit 1 entry per Mono® product purchased. Remember to keep your receipt somewhere safe as proof of purchase is required in order to claim your prize. Read full terms and conditions [here](#).

Good luck for the draw!

With NEW Mono® Magic® Non-Stick Foil

Kiwis have been cooking with Mono® Foil since 1965. Our kitchens have changed a lot since the 60's and now New Mono® Magic® Non-Stick Foil is going to change the way you cook as well! Its special non-stick coating means even the stickiest, baked-on food lifts off like magic. So now you can cook and barbeque to perfection without having to worry about the messy cleanup!

WATCH THIS SHORT VIDEO

to learn more about how Mono® Magic® Non-Stick Foil can help you cook and barbeque to perfection without having to worry about the messy cleanup.

No more scrubbing
messy barbeques!

Crispy coatings stick to the
food, not to the dish or foil

Cheesy lasagne and stuffed
potatoes with less mess

Salmon and sauces
slide right off

mono Magic

Dear (first name)

Thank you for taking part in the 'Create a Little Magic in your Kitchen promotion' with Mono® Magic® Non-Stick Foil!

The 5 lucky winners of the \$1000 Milly's Kitchenware Vouchers were:

- Christine Savage - North Shore, Auckland
- Rachel Kelly - Wellington
- Sharon Zaugg - Whangarei
- Maria Walters - Rotorua
- Georgie Talbot - Wellington

A little about Mono® Magic® Non-Stick Foil

Kiwis have been cooking with Mono® Foil since 1965. Kitchens have changed a lot since then & now New Mono® Magic® Non-Stick Foil will change the way you cook as well!

Its special coating means even sticky, baked-on food lifts off with ease without the need for added fat or oil. So now you can cook & BBQ to perfection without the messy clean up!

We hope we have helped you to create a little Magic in your kitchen with Mono® Magic® Non-Stick Foil.

Thanks again for taking part in the promotion.

Kind regards

The Team at Mono

GUIDE

WITH EDITOR
NIKI BEZZANT

The latest hot diet - and how to spot a fad

Hi Matt

The other day we heard about a new diet book that has knocked the Dukan Diet off the top of the iTunes diet book chart and earned its creator a seven-figure book deal. I'm not even going to mention the name of the diet, because that would be to give it far more attention than it deserves. Suffice it to say, we're talking about the faddiest of fad diets, full of questionable advice, bordering on irresponsible.

From the editor...

We're still celebrating here at *Cuisine* after the magnificent night we had at The Magazine Awards last week, winning an array of awards including Best Cover (tomatoes, issue 145) and Magazine of the Year in the Home, Food and Garden category. Plus, I was lucky enough to walk away with the Supreme Editor of the Year award. Congratulations to my talented team and thanks to you, our wonderful readers, because we couldn't do it without you of course!

Fresh Recipes

Here are six sensational Winter Warmer recipes. Really easy to make and your family will love them..

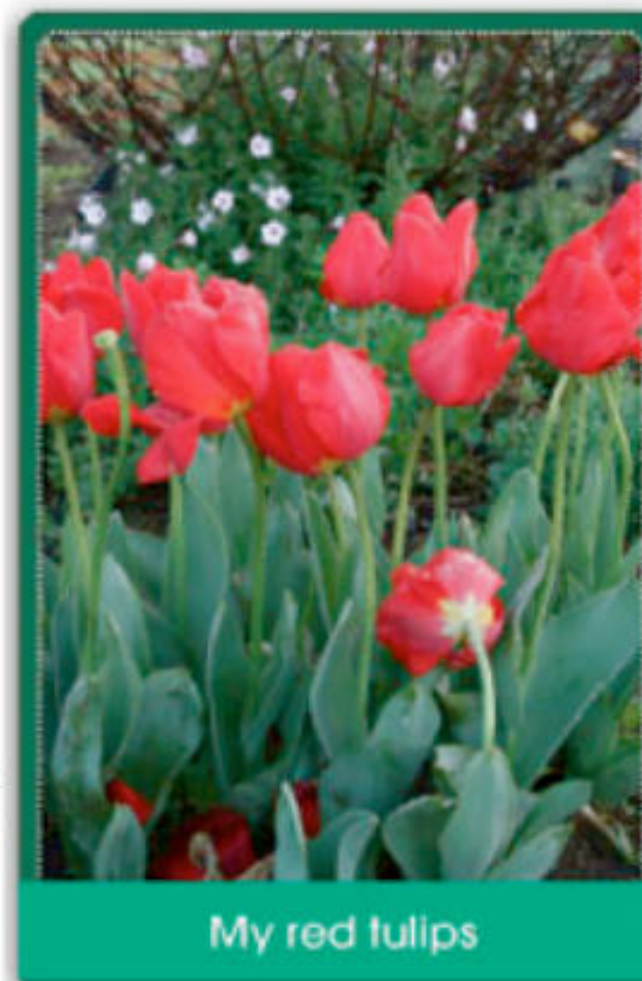

Dear NZ Gardener reader,

Welcome to Get Growing for Friday 29 June 2012.

I intend to be a woman on a mission this weekend. After a few weeks of wet, frosty weather, my vege garden isn't making much (if any) progress, so I've ordered my husband to hire a petrol-powered rotary hoe and we intend to take advantage of the forecast for fine weather tomorrow by getting stuck in. Spring's only two months away (see, I'm still looking at the bright side) so I figure it's not too soon to start preparing the soil. I've got a mountain of homemade compost to dig in and, once the compost bin is empty again, a mountain of garden rubbish to go back into the bin. I've got a trailerload of corn stalks, frost-shriveled eggplants, stinky silverbeet, dry runner bean vines, spent wildflowers, weeds, brassica foliage (my purple cauliflowers all bolted to seed, again), fallen leaves and perennial prunings to turn into compost. Plus the lawn's in desperate need of a mow so I'll be able to layer the dried, carbon-rich brown material with fresh, nitrogen-rich green waste.

My red tulips

Mono makes magic

Some things should stick (like plasters) but there are other things that definitely should not – like gum on your shoe, a nasty dose of the flu, or your delicious golden roast veges sticking to the tray!

We can't help you with the gum or the flu, but luckily new Mono Magic Non-Stick Foil will help make sure your roasts and other kitchen delights come out looking as good as they taste.

With its special coating, Mono Magic Non-Stick Foil will prevent food from sticking, without the need for added fat or oil. Even tricky items like baked-on cheese, delicate crumb coatings or crispy golden roast chicken skin aren't a problem.

Mono has helped Kiwis cook since 1965 and their latest innovation will help make life in the kitchen...a little more magic. The team at Mono have included another couple of Mono Magi Non-Stick Foil samples so you can share the magic with friends. Mono Magic Non-Stick Foil is now available in the food wrap aisle of most leading supermarkets.

So let Mono Magic Non-Stick Foil make things easier for you and avoid those sticky situations.

Good Dental Hygiene Should Start Early

As soon as your baby start teething, you can begin cleaning their teeth. Take the time to develop good brushing habits from an early age and you will help provide your child with a lifetime of healthy teeth and gums.

It is recommended that children see a dentist by age one, when six to eight teeth are in place. The dentist will spot any potential problems and advise you about preventative care.

Good dental hygiene should start early

As soon as your baby starts teething, you can begin cleaning their teeth. A healthy set of teeth is essential for baby's jaw and speech development.

Here is a simple guide to using the PIGEON Training Toothbrush Set:

It was so great to get into the outdoors over Queen's birthday! Here's a shot of Sam, Bella and I on the river in Murchison. What cool stuff did YOU get up to on the weekend?

Like · Comment · Share · 1 · 48 minutes ago ·

Dylon New Zealand

Who was responsible for your last colour disaster?

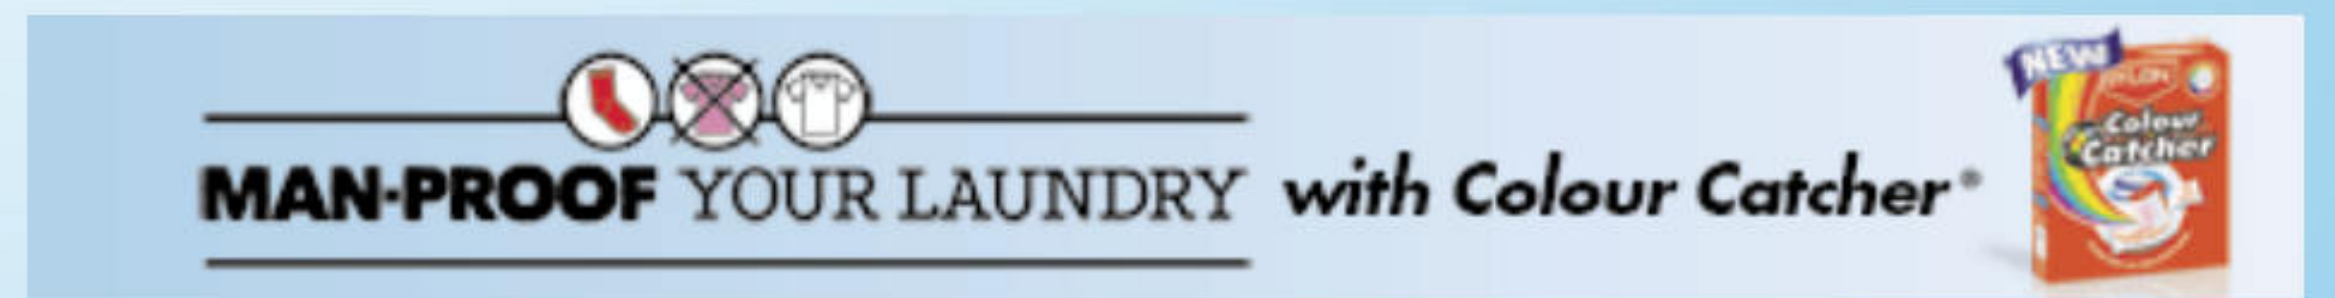

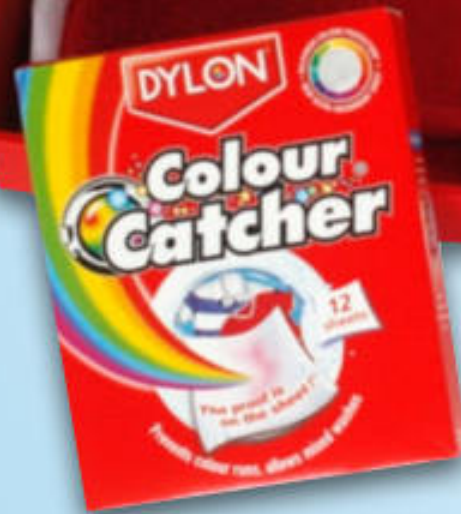

Like · Comment · Share · 68 · 8 · 3 · about an hour ago ·

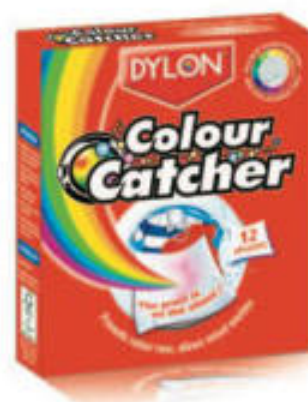

Auckland NZ

Get your friend to bring their friend to Auckland for FREE! Hurry - Jetstar's fantastic 3rd birthday offer ends midnight tonight. <http://bit.ly/Lufjpw>

Still a bit sceptical? We'll make a believer out of you. Simply wash this white shirt and the three red items together with 2 sheets* of Dylon Colour Catcher® and watch as the colour is absorbed by the sheets and not the shirt. Dylon Colour Catcher® will save your laundry! The proof is on the sheet! ®

*For maximum colour protection for items with poor colourfastness use 2-3 sheets, for regularly washed items only one sheet may be required.

**MAN-PROOF
YOUR LAUNDRY**

**MAN-PROOF
YOUR LAUNDRY**

Pink is NOT the new white.

Man-Proof Your Laundry with Dylon Colour Catcher®

The revolutionary Dylon Colour Catcher® saves you time, money, energy, detergent and most importantly, ensures that your clothes don't get colour-destroyed by your lovely man!

It's a clever little sheet that traps loose dye in the wash making colour-runs a thing of the past. You can rest assured that you'll have maximum colour protection, even from HIM.

Every time you wash bright or dark coloured clothes, traces of dye bleed into your laundry. These dyes build up over time to give your clothes a dull and often dirty appearance.

Each anti-transfer sheet is treated with special ingredients that act like a magnet protecting your clothes and trapping loose dye and dirt during the wash.

Now you can mix all of your colours together creating fewer washes, saving you time, money and effort.

Wash with confidence every time with maximum colour protection thanks to the new Dylon Colour Catcher®. The proof is on the sheet! ®.

For more information, please contact Justene Taua at Lassoo Media and PR justene@lassoo.co.nz or 09 370 0426

How to use

- Place the sheet(s) at the back of the machine drum before loading the washing.
- Add your detergent and select the appropriate washing cycle according to the garment manufacturer's instructions.
- At the end of the wash remove and dispose of the sheet(s) and dry the clothing as soon as possible.
- Not intended for use with brand new full colour garments. To ensure maximum effectiveness for items with poor colour fastness use 2-3 sheets.

Dylon is coming to the rescue this party season! We're giving away Dylon Colour Catcher, Greasy Stain Removers and Fabric Dyes to keep your clothes looking ship shape. Colour Catcher is an innovative sheet that prevents colour runs in the wash. Visit www.facebook.com/dylonnz for more information.

Competitions: Dylon to the Rescue

 Tweet

Don't waste time sorting your washing into whites, blacks and colours to avoid colour runs and there's no need to stress about getting tomato sauce splodges or grass stains out of your kids' clothes. We have three Dylon Washing Rescue Packs for mums who want to spend less time in the laundry and more time with their kids.

Each pack is valued at over \$40 and contains Dylon Colour Catchers, Greasy Stain Removers and Biological Stain Removers to keep your clothes looking shipshape without any hassle. Colour Catcher is an innovative sheet that prevents colour runs, allowing mixed colour washes and Dylon's unique stain removers lift out even the most stubborn marks.

Just fill in the form below to be in to win. This competition closes on the 31st of January 2013 at 8pm.

3rd JANUARY - 3rd FEBRUARY
